TCT Plastic Pipe Cutting System

EXACT P400 Plastic Pipe Saw

The Exact P400 Pipe Cutting System allows cutting and beveling of plastic or poly pipes in one process. You just need to cut around a pipe and you get nice 15 degrees bevel at the same time. You can also use the P400 saw to just cut or bevel individually. Also available in battery power for ultimate onsite flexibility.

Advantages

- Super fast cut
- Simultaneous cut and bevel process
- Safe protected blade
- Economical blade life
- Simple user friendly operation
- Supplied in complete kit with shoulder bag
