

Fine Tooth Holesaws

Bi Metal Holesaws 10TPI

Fine Tooth Holesaws 10TPI

Our fine tooth holesaws are specifically designed for cutting thin wall steels and stainless steel. Manufactured from high speed steel they have a 8% cobalt content which means once worn in they will provide vastly superior life.

Advantages:

- Fine Tooth 10TPI allows more control and prevents stripping.
- 8% Cobalt content for superior life.
- German made for quality.
- Perfect for thin wall drilling applications.
- Ideal for use with our branch forming kits.

Excellent for
Cutting thin-wall
stainless steel
Dairy tube
